Few Contests In County Seen As Filing Time Ends

Sheriff and Coroner Face Challenges on Ballot June 6th

There are eight unopposed candidates for county offices at the June 6 primary election.

This was revealed on Saturday when the final date for filing petitions for places on the ballot passed.

The eastern end of Nevada County this year will have the unique privilege of being able to vote for or against a superintendent of schools who has nothing whatever to do with the school system here, but being unable to vote for or against the superintendent who has complete jurisdiction.

While the name of Walter A. Carlson, unopposed as Nevada County superintendent, will be on the local ballots, Albert Bequette, Placer County superintendent, will not have his name on the local ballot, but is superintendent with control over the schools here.

This came about through the formation of the Tahoe-Truckee Unified school district which embraces parts of both counties, but is under Bequette's administration because the assessed valuation is more in Placer than in Nevada County.

Local Contest

Locally, there is only one contest in which Mrs. Ethel Buell and Fosten Wilson will vie for the justice of the peace job. N. F. Dolley is unopposed for constable.

W. L. Tamblyn, neophyte to county politics, is the unopposed candidate for county assessor.

Other unopposed candidates for county offices, all incumbents, are Vernon Stoll, district attorney; R. E. Deeble, clerk and auditor; Miss Elma Hecker, treasurer and tax collector; John E. Nettell, recorder; J. F. O'Connor, surveyor, and Theodore A. Kohler Jr., public administrator.

Other Candidates

Other candidates for county offices are Alvah Hooper and J. Paul Bergemann for coroner and Richard W. Hoskins and Wayne Brown for sheriff, the only two contests in the county-wide balloting.

There are 11 candidates for supervisor from the Fourth District but J. C. Coughlan of the Third District is unopposed.

There are three candidates for the constable job at Nevada City and two at Grass Valley. Justices of the Peace C. A. Morehouse at Grass Valley and George Gildersleeve at Nevada City are not opposed.

STORM ARRESTS RAPIR RUN OFF OF SNOW, WATER

The rain and snow storm of yesterday and today arrested the runoff of snow in Truckee which, if it had continued for another nine days, would have wiped out the pack here, according to Dr. J. E. Church, University of Nevada snow expert.

Measurements taken April 5 showed an average snow depth of 21.9 inches, with a water content of 11.16 inches or 51 per cent. This indicated a loss of 2.96 inches of water in the period April 1 to 5, or .74 of an inch a day.

According to William Curran of the Forest Service here, .39 of an inch precipitation had been recorded here up to this morning, with three inches of new snow.

Chamber To Aid Local Projects; Will Erect Sign

Outing Club Proposing New Skiing Jump At Truckee

Discussion of the proposed new ski jump being planned by the Truckee Outing Club, a planned air port on the Truckee-Brockway road just south of here, a report on the signs to be installed on the approaches to Truckee and other community improvements featured the meeting of the chamber of commerce here last Thursday evening.

The airport committee is working on gathering data to present to the chamber in support of the plan.

Members of the Outing Club reported on the new ski jump project to replace the old demolished scaffold and the chamber indicated its support in the venture.

The chamber is also active in having the census boundary of the town changed from the present limit at McIver's turn to include up to the east end of Donner Lake, contending that the area comprises much of Truckee's residential district. Congressman Clair Engle has been asked to aid in this change.

Earl Stice, president of the chamber, presided and a large turnout attended the session.

TAHOEITES FAVOR DEBT TO ERECT NEW FIRE STATION

TAHOE CITY— Residents of the Tahoe City Fire Protection District went to the polls Monday and overwhelmingly approved an indebtedness of $4650 to construct a new fire house. Of 63 votes cast, 59 favored the issue and four voted against it. Charles B. Cross was re-elected commissioner of the district with 62 votes.

The issue will impose a 30 cents per $100 assessed valuation tax for the next five years on property within the district. Construction is expected to begin soon on the structure, to be erected on the southwest end of the Tahoe Commons.

Serving on the election board were Ruth Mayfield, Florence Vernon, Gladys Quam and Marie Henry.

Truckee Wins Practice Game At Reno; Open Schedule April 16 In Grass Valley

Truckee's team in the Placer Nevada Baseball League won a practice game Saturday at Idlewild Park in Reno from Bud Beasley's Huskies of the Reno High School by a score of 6 to 2.

Truckee's three pitchers, Goicoa, Wilson and Crockett, held the youngsters to only four hits. William Curran, local second baseman, scored three runs off one hit for half the local tallies. Karl Kielhofer, who played third, and Williams, left field, each got two hits in four times at bat.

Beasley used 21 of his squad of 45 players in the game to give everyone a chance at the practice tilt.

Field Manager Tom Dolley took charge of the locals for the contest and reports the boys are in good condition for the little training they have been able to get between storms.

Another practice game is expected to be arranged before the Truckee nine meets Grass Valley there a week from Sunday, in the first game of the season.

In order to facilitate the work of the home service chairman for the Red Cross in the Truckee area, an advisory board of five members has been selected to work with the chairman, Mrs Fosten Wilson.

Nelson; Earl Stice, president of the chamber of commerce, Father J. Boland, Mrs. Walter Loynd, all of Truckee, and Mrs. Arthur Couillard of Soda Springs.

In making the announcement, Mrs. Wilson said the board would hold a meeting in the near future to work out a detailed program.

In the meantime, the local chairman said the drive for funds has been extended to April 10 to permit a complete solicitation to raise the $600 local quota. At present $536.36 has been contributed, Mrs. Wilson said. She urged anyone wishing to contribute to call her or send in their check.

Steddom Quits Race For Tahoe Judgeship

TAHOE CITY— Kenneth B. Steddom, widely known Tahoe resident, last week announced that he was withdrawing from the contest for justice of the peace of the Tahoe City township.

He had previously filed his notice of intention to seek the office and his petition had been circulated. A minor discrepancy in circulating the petition occurred and rather than file a second, Steddom said, he decided not to seek the office.

Steddom's action leaves only the incumbent, C. W. Vernon, as a candidate for the position.

Assisting Mrs. Rose in this area are Byron Miller of Floriston and J. R. McKinnon of Big Chief.

Harold Berliner of Auburn, census supervisor, and Charles Bannon, Kings Beach, local crew chief, were here Tuesday to confer with the local enumerators and assist them in their work.

At this Easter season there are many signs of a great revival in religion. Many churches which once attracted sparse congregations have been filled in recent months. The sale of religious literature is also reported to have greatly increased. What's the reason? There may be a number of reasons, but probably one of the biggest is the feeling of human helplessness in the face of the fantastic forces which man's scientific knowledge has unleashed. The possibility of further and even more destructive forces in the future, against which there would be virtually no human defense, could be very persuasive in turning thought toward divine protection. No doubt many people realize today that the world's real need is not for increased knowledge of matter and its explosive possibilities but rather for a deeper understanding of Spirit. The Man of Galilee whose Resurrection we celebrate at this time proved by what was called miracles the ability of spiritual forces to subdue the elements of earth. He walked on the water, the storm was stilled at His command, the five thousand were fed with but a few loaves and fishes, the sick were healed, the dead were raised. Truly, there is much more in Jesus' teaching than the world generally has comprehended. But if the adversity of our day and the forebodings of the future are turning men toward a deeper study and practice of what he taught, these trials will surely prove to be blessings in disguise.

Haltom said he hoped to arouse interest in the races for next year and induce drivers from the east to bring out teams. He will contact Leon LaFave and Jacques Susanne and bring back six malamutes from their kennels.

Car Hits House, Driver Fined In Weekend Crash

3 Sailors Escape Injuries, John Collier Home Is Damaged

Elmer D. Edmonds, 28, a sailor attached to the USS Gardners Bay, paid a $200 fine for driving while intoxicated after his car crashed into the John Collier home on West Main street here Saturday afternoon at 4:30 o'clock.

Edmonds and two companions, both from the same ship, were treated by Dr. L. D. Nelson for minor injuries. Leslie W. Carpenter, 24, and Carl Harlis Ulrich, 20, were in the car with Edmonds.

According to State Patrolman William Gautsche, who made the investigation, the car was traveling east, apparently at a high rate of speed. As it rounded the corner at the Union station, scene of a number of accidents during recent years, it got out of control, rode the shoulder on the right side for 255 feet, skidded 75 feet on the pavement and hit a power pole. It continued down the highway 90 feet further before crashing into the stone porch at the Collier home.

Gautsche estimated the damage to the house at approximately $500. The car was badly wrecked.

Edmonds was held in custody here until he appeared before Justice of the Peace C. W. Vernon who was presiding in the local court for R. N. Little, now on a vacation trip.

Driver Cited

Patrolman Roy Stallard cited Oscar H. Morris, 55, Lang Transportation Company truck driver, for making a bad pass following a collision between his truck and a car driven by Henry LaFary, 40, of Daly City two miles east of Cisco Saturday morning at 6:30 o'clock. No one was injured.

Sanitary Board Faces Problem With Repair Cost

Re-Assessment Impossible Before Next Spring Officials Say

There is no possibility for a reassessment of property within the Truckee Sanitary District this year, either by the county assessor or by a man appointed by the board for the purpose.

This was revealed yesterday by County Assessor Phil Scadden and Deputy William Tamblyn, who were here to discuss the proposal with members of the sanitary board and the superintendent, Fred Morris.

In order to increase the assessment, the officials pointed out, it is necessary to have ground work, including passage of a required ordinance, completed prior to March 1. That means, they explained, that nothing can be done before February 1 next year.

Need More Capital

The sanitary board had planned to increase the assessments in order to raise money for work on the sewer disposal system demanded by the state department of public health. The tax rate of 40 cents per $100 of assessed valuation is the maximum permitted under the law and current income does not provide sufficient capital to make the required improvements.

The amount needed, the board decided at its latest meeting, is between $10,000 and $15,000.

Two Courses Open

Tamblyn, who is a candidate to succeed Scadden as county assessor at the forthcoming election, said there are two possible methods for raising the money this year. One, he said, would be a bond issue, a project frowned upon by the board. The second would be an application to the county board of supervisors for an emergency appropriation. Both plans, he indicated, will take some time, but would assure access to the required amount long before it can be raised through direct taxation.

The board is expected to discuss the matter more fully in the next meeting.

TAHOE SKI CLUB ELECTS STUART AS '50-'51 PREXY

TAHOE CITY— Elecier Friday evening by the Lake Tahoe Ski Club were the 1950-51 season officers. These are Jake Stuart, president; Bill Jenkinson, 1st vice president; Bob Stark, 2nd vice president; Mrs. Blanche Donaldson, recording secretary; Mrs. Marian Stuart, corresponding secretary; Arthur Frodenberg, treasurer; Austin Frodenberg, chief of hill; Chris Egsgaard, tournament director; Kay Starratt, junior director; Oliver Corona, Floyd Carnell, Ray Fellows and Wes Donaldson, directors at large.

Corona, as outgoing president, thanked the officers and members for their support during the past season and turned the gavel over to the new president who continued the meeting. Particularly lauded for her work was Mrs. Marian Stuart, outgoing recording secretary and new corresponding secretary.

The new officers were quick to start outlining next year's proposed activities. Kjell Rustad's proposal to improve Olympic Hill, making it a 220-foot jump, and to hold several yearly invitational jumping meets was backed by Chief of Hill Frodenberg and Tournament Director Egsgaard. Emphasis was placed on junior meets, with a motion that the club bid for next season's National Junior Jumping Championship meet.

Mid-meeting a technicolor movie emphasizing ski safety rules and narrated by Lowell Thomas was projected by Basil Kehoe, courtesy of the projectionist and the Tahoe City Rotary Club.

FOREST SERVICE IN MOVE TO OBTAIN MORE LAKE FRONT

PLACERVILLE— The U. S. Forest Service had undertaken to purchase two tracts of privately owned land at the south end of Lake Tahoe which would add 9834 feet of lake frontage to public ownership and make available 3523 acres for recreational and home site development. The tracts are in the El Dorado National Forest.

Sources here indicate the aquisition is expected to be completed within a year and will include 6534 feet of lake frontage with 2501 acres of the Anita M. Baldwin estate just west of Camp Richardson and 3300 feet of lake frontage with 1022 acres from George A. Pope. This land includes about three miles frontage on the east, north and west shores of Fallen Leaf Lake and contains one of the few remaining stands of virgin timber in the Lake Tahoe basin.

Use of the property contemplates establishment of several public camp grounds, six or 10 organizational camps large enough to accomodate 100 persons each and the establishment of several hundred home sites.

Of the 75 mile shore line of Lake Tahoe, only 2¼ miles are in public ownership today. This includes the El Dorado County Campground, Bliss Memorial State Park, a small property at Tahoe City and several small frontages on the Nevada shore.

SUNRISE SERVICES EASTER MORN AT TAHOE COMMON

TAHOE CITY— Sunrise services will be held at Lake Tahoe on Easter Sunday morning at 5:30 o'clock, Layleader Herman Rauh announces. The rites will be conducted at the Tahoe Commons in Tahoe City and will include familiar hymns, devotion and inspiration.

Everyone is extended a cordial invitation to attend this beautiful service, now in its third year under the auspices of the Tahoe Community Church, Chapel of St. Nicholas, Episcopal.

Catholic Rites

On Good Friday, Catholic services will include Stations of the Cross and a sermon at 7:30 a.m. Confessions will be heard Holy Saturday from 3 to 5 p.m. with High Mass at 9 a.m. Easter morning in Tahoe City, according to Father J. Boland, pastor of the parish.

Tahoe Snow Pack Sinks Fast, Level is Rising

TAHOE CITY— Beginning on the waning end of a week of snow storms and gusty winds, the week March 26 to April 1 set the stage for a clear and warm Easter holiday for Tahoe youngsters and others enjoying a week or part of the week on vacation. A fast melt had cut Tahoe City's snow pack down to 21 inches by April 2nd. Concurrent with the melt, the level of Lake Tahoe is rising. On the same date, the level stood at 6224.90 feet.

STORK IS BEATEN BY MINUTES IN FIFTY MILE RACE

TAHOE CITY— School teachers and their books don't have all the answers either, report the R. R. Gilberts of Tahoe City.

Planning to avoid the classic Tahoe City - Reno maternity hospital race, schoolteacher Gilbert did plenty of reading and calculating on the expected date of arrival. By leaving in the middle of the weeb there should have been three or four days safety factor. Sunday morning, the baby and the stork, who haven't read the books, gave indications that preliminary warning symptoms had been skipped. With the aid of friend and neighbor, Mrs. Max Porter, who accompanied the pair, the 50-mile car ride to Reno was successful, with minutes of margin. Robert Lund Gilbert, eight pounds, two ounces, arrived in time for the Easter holiday week.

Another Tahoeite and neighbor, Mrs. Leslie Fuson, was present to welcome Mrs. Gilbert. The Fusons' new son, Kenneth Leslie Fuson, 5½ pounds, arrived on Thursday, March 30.

REGISTER TO VOTE

Potential voters in Tahoe City and vicinity may register for the June 6 primary election with Mrs. Stella Watson at Tahoe City. Registration closes on April 13.

Crack Down Ordered On Old Registrations

Effective April 1, all officers of the California Highway Patrol have been instructed to stop any motor vehicle on the highway which does not display evidence of 1950 registration. This includes trailers and semi-trailers. Evidence of application for license having been made may be the possession of a validated 1950 registration certificate, a post office or express money order receipt, a cancelled check, auto club receipt, official receipt from the division of registration or some communication from the division with respect to the vehicle operated.

Many people living along the borders of the state such as the Nevada state line and operating their vehicles a great share of the time out of state, seem to be of the opinion they may legally register their vehicles in the state where they do most of their driving.

California law requires registration in California where a person accepts gainful employment in this state unless reciprocity is established between the states involved. This does not include Nevada residents as such reciprocity has not been established.

Reciprocity applies only to one in non-resident status and where one establishes residence in California he loses all non-resident privileges and must register immediately in California.

Tarzan

by EDGAR RICE BURROUGHS

FOLLOWING A BATTLE WITH THE FANATICAL DAGOMBAS, TARZAN ESCAPED BY DIVING INTO THE LAKE. CHAKA, HOWEVER, REMAINED BEHIND AND SPIED THE APE-MAN AS HE CLIMBED FROM THE WATER.

INSTANTLY THE CHASE WAS ON. YELLING SAVAGELY, THE DAGOMBAS SWEPT ALONG THE BEACH. GRIMLY, TARZAN SPED DOWN THE LEDGE.

MOVING TOWARD THE BEACH, HE SAW CHAKA AND HIS WARRIORS RUSH TO INTERCEPT HIM.

TARZAN WHEELED TO AVOID THE TRAP. THEN, FROM THE OPPOSITE SIDE, ANOTHER GROUP CONVERGED.

SHOUTING TRIUMPHANTLY, THE DAGOMBAS CLOSED IN FROM TWO DIRECTIONS. HE, WHO HAD BROKEN THE STRICTEST TABOO OF THE SERPENT GOD, WAS TRAPPED!
